

The challenges facing your organization today are complex. Your community's needs are evolving. Competition for scarce dollars is the new reality.

You require a broad base of skills and knowledge – and sophisticated leadership that can see ahead and respond quickly and appropriately. And most of all you need leadership that can connect you with new resources and opportunities.

You need
DiverseCity
onBoard.

Get onBoard!

Save time by letting us do the legwork – at no cost to you.

LEADERSHIP PROJECT

DiverseCity onBoard

MAYTREE

For Leaders. For Change.

DiverseCity onBoard is your source for more than 1,500 pre-screened, highly qualified candidates ready and able to serve on your board. Our online database can fill your governance gaps with highly trained professionals from diverse communities.

Chances are, your board is like that of many nonprofits – not yet taking full advantage of the talent available in the Greater Toronto Area (GTA). We have identified that talent and make it easy for you to access it.

"We found a candidate that brought us a new perspective as well as a strong strategic mind that was removed from the passion of the environmental movement. DiverseCity onBoard was so much more than just a referral organization; they worked with us to find the right fit."

Chris Winter, Executive Director
Conservation Council of Ontario

? Why You Need Diverse Leadership

You simply cannot afford to limit your board to the same small pool of candidates.

Diversity around the board table results in:

- A broader range of perspectives leading to better decision-making
- Deeper understanding of your community's issues
- A strengthened mandate
- More effective programming
- More fundraising

? Why DiverseCity onBoard

In just three years our program has facilitated over 500 matches to agencies, boards and commissions across the Greater Toronto Area. We not only screen each and every one of our candidates but we also provide them with governance training.

"When our boards and our membership better reflect the diversity of Ontario citizens, sport will be in a better position to work with and for the communities we serve. DiverseCity onBoard can help us do that. Their professionalism and the training they provide to the volunteers on their roster inspire confidence."

Margaret Emin, Chair
SPORT4ONTARIO

? Who's onBoard

- Our candidates are highly skilled and trained professionals including lawyers, doctors, accountants, entrepreneurs, social workers, administrators and marketers
- They come from every municipality in the GTA and reflect the diversity in the region's communities
- More than 60% of our roster has board governance experience
- More than 60% operates at the senior management level
- 70% has business experience
- 100% is committed to volunteering their time and expertise to serve on boards

"DiverseCity onBoard allowed us to reach outside our existing networks, offering a gateway between us and two excellent new board members."

Allen MacInnis, Artistic Director
Lorraine Kimsa Theatre for Young People
